Provide any further comments or information that may be of assistance in assessing this application. Attach additional information to your application as required.

## Part H Mandatory Attachments

If you are conducting multiple dealings, copy or print a blank version of this part for each dealing that requires completion of Part H.

### 1. The application must be supported by the following mandatory information about:

- the availability of water in the plan area for the proposed purpose; and
- the impact the proposed taking of water may have on existing authorisations in the plan area; and
- the impact the proposed taking of water may have on natural ecosystems and the environmental outcomes of the plan; and
- whether the land is suitable for the intended purpose; and
- advice from Traditional Owners and Custodians, Cultural Heritage Bodies, and Queensland Government Cultural Heritage Registers regarding cultural sites and values within the development footprint; and
- mitigation strategies planned to protect cultural sites or values that may be impacted by the proposed development.

### 2. The application must be supported by the following unless Native Title has been extinguished or Native Title has been determined to not exist:

- Evidence the assignee (person or organisation the CYPHA water licence is being assigned to) is a party to Indigenous Land Use Agreement over the land that relates to the take or use of water; OR
- Written consent from the Native Title holder over the land.
- The application must be supported by the written consent of the owner of the land unless:
  - The assignor (CYPHA water licence holder) owns the land
  - The land owner is the Native Title holder
  - The assignee owns the land
