

# Water Act 2000 – Form W2F081

ABN 51 242 471 577

## Notification form for self-assessable sub-artesian water bore

### Purpose of the form

To allow landowners to notify the department of construction of a new water bore for stock or domestic purposes, or construction of a replacement water bore that is self-assessable under the *Water Act 2000*. Notification of works must be received within 60 business days after construction of the bore has been completed.

If the bore is less than six metres deep and was not drilled by a licensed driller, Part D Construction details of new or replacement bore must be completed.

If the bore is more than six metres deep it must be constructed by a licensed bore driller and a copy of the drill log must be attached to this notification.

### Part A Applicant details

Specify the full name(s) of all owners of the land on which the bore is situated:

If the applicant is a corporation, please supply the ACN:

Attention (Optional) (e.g. Principal, Secretary, Managing Director, etc.)

Street address:

Mailing address (if same as street address write 'as above'):

### Main contact for this notification

The contact details provided will be used by the department for the purpose of communications under the *Water Act 2000*. The department may be required or authorised by legislation to disclose your information to other third parties.

**Privacy statement:** Collection of information on this form is authorised by section 99 of the Water Regulation 2016 and will be used by the department for the purpose of processing your application. The department may be required or authorised by legislation to disclose your information to other third parties. The information may be searchable, disclosed to and used by the public as allowed, authorised or required by legislation.

<b>OFFICE USE ONLY</b>	Application ref.	Office Stamp Only	
	Client ref.		
	Authorisation ref.		

<b>Part B Details of the original bore replaced</b>	
Development permit reference(s):	
Works reference reference(s):	
Water licence reference (if applicable):	
Lot:	Plan:
Location of the original bore can be shown either by GPS location OR on a property map.	
GPS location of the original bore:	
Latitude	Longitude
Decimal degrees showing five decimal places E.g. Latitude -27.47514 Longitude 153.02578	
OR	
Degrees° Minutes' Seconds" E.g. Latitude 27° 28' 30.504" S Longitude 153° 1' 32.808" E	
Specify the datum for the location readings: <input type="checkbox"/> GDA2020 <input type="checkbox"/> GDA94 <input type="checkbox"/> WGS84 <input type="checkbox"/> Other:	
<b>OR</b>	
Attach a property map showing the location of the original bore. Include property boundaries, lot on plan descriptions, existing water facilities, the location of the original bore, the location of the new or replacement bore and the location any watercourse, lake or spring and roads.	
Date original bore decommissioned (if not known, approximate):	
Details of driller who decommissioned original bore Driller and/or drilling company name:	
Driller licence number:	
<b>Part C Details of new or replacement bore</b>	
Date bore installed:	
Bore registered number:	
GPS location of the new or replacement bore:	
Latitude	Longitude
Decimal degrees showing five decimal places E.g. Latitude -27.47514 Longitude 153.02578	
OR	
Degrees° Minutes' Seconds" E.g. Latitude 27° 28' 30.504" S Longitude 153° 1' 32.808" E	
Specify the datum for the location readings: <input type="checkbox"/> GDA2020 <input type="checkbox"/> GDA94 <input type="checkbox"/> WGS84 <input type="checkbox"/> Other:	
Name of aquifer or formation the bore taps:	
Total depth of the bore, well or spear:	metres
<b>OR</b>	
Total volume of the excavation:	cubic metres
<b>OR</b>	
Total numbers of spears in the gallery:	
If drilled by a licenced driller, provide the driller and/or drilling company name:	
Driller licence number:	

**Part D Construction details of new or replacement bore**

If the bore is less than six metres deep and was not drilled by a licensed driller, provide the construction details below.
