Water Supply (Safety and Reliability) Act 2008, section 215

Queensland
Government

Privacy Disclaimer: Collection of information provided in this approved form and any attachments is authorised under the *Water Supply (Safety and Reliability) Act 2008* and is being used for the purpose of applying to the Queensland Water Supply Regulator to resume supply of recycled water after the recycled water management plan has been suspended. The Department of Energy and Water Supply will endeavour to maintain any confidentiality of information relating to your form. However, consideration of your form may involve consultation and if so, details of your form may be disclosed to third parties. This information will not otherwise be disclosed outside of the department unless required or authorised by law (for example as under the *Right to Information Act 2009*).

Note: This is an approved form under the *Water Supply (Safety and Reliability) Act 2008*, to be used by the relevant entity of a recycled water scheme to apply to the regulator for approval to resume supply of recycled water, for which a recycled water management plan was suspended by the regulator.

In considering your application, the regulator may require an amendment to the suspended recycled water management plan. You will be advised by the regulator if you are required to do so.

Before submitting this approved form please be fully aware of your rights and obligations under the *Water Supply (Safety and Reliability) Act 2008*.
