

Water Act 2000

Barron Water Entitlement Notice 2023

This is a Water Entitlement Notice made by the chief executive on 9 June 2023 under the authority of sections 71 and 75 of the *Water Act 2000* (the Act). The matters implemented by this Water Entitlement Notice are to have effect from 23 June 2023. All individual water licence related information is current from 31 May 2023. (Please note: This Water Entitlement Notice may not include changes to such individual information potentially resulting from any type of water licence dealings that might have occurred since 31 May 2023.)

Water entitlement notice

- (1) For section 71 of the Act, the chief executive may at any time, make a water entitlement notice for the plan area.
- (2) For subsection (1) above, the notice may state the entitlements or other authorisations that have been repealed or amended under this plan in accordance with parts 1 to 2.

Part 1 Repealing a water licence – *Water Act 2000*, section 133

The chief executive may, for the purpose of implementing a water plan, consistent with section 70(1)(g) of the *Water Act 2000*, repeal a water licence in accordance with part 1, Schedule 1 of this Water Entitlement Notice. In accordance with section 96 of the *Water Act 2000* and section 29 of the Water Plan (Barron) 2023, the licence is no longer necessary to authorise a particular take of water.

The repeal takes effect from the day the chief executive gives the licensee notice of the repeal.

Part 2 Amending water licence – *Water Act 2000*, section 133

The chief executive must, consistent with Part 7 Division 5 Subdivision 3 of the Water Plan (Barron) 2023, amend each of the existing water licences as specified in accordance with this notice–

- Part 2, schedule 1, Licences for taking unsupplemented surface water.
- Part 2, schedule 2, Licences for taking unsupplemented surface water.

The amended licence takes effect from the day the chief executive gives the licensee the amended licence.
