Part B SITE DESCRIPTION		
Wetland Composition		
Does the wetland include <i>(tick the applicable)</i> :		
<input type="checkbox"/> Aquatic vegetation <input type="checkbox"/> Open water <input type="checkbox"/> Mudflats: occurring at the margins of sedges of shallow water of lakes or clay pans <input type="checkbox"/> Tall shrubland: found bordering boredrains or those that flow along existing drainage lines <input type="checkbox"/> Woodland: growing along existing creek lines or existing lake beds		
Type of wetland		
<i>Tick applicable</i> <input type="checkbox"/> Boredrain <input type="checkbox"/> Natural channel <input type="checkbox"/> Flood-out <input type="checkbox"/> Pool/lake		
Age of wetland		
Year of bore construction or date of wetland creation:		
Dimensions of wetland (estimate)		
Length (m)	Breadth (m)	Deepest Depth (m)
Length of relevant drain/s supplying the wetland (estimate)		
List the length of all drains supplying the wetland individually (km)		

Flow rate estimates		
Historical flow [e.g. highest rate] (L/s)	Current flow [before or after control activity] (L/s)	
Changes to water regime		
Please record any changes i.e. capping and piping, change in flow rate, new infrastructure		
Date	Work undertaken	Change in flow rate
Distance to the following (estimate)		
Artesian springs (km)	Other waterbodies (km)	Other bores (km)
Location of wetland in relation to other infrastructure and natural features on the property (Please provide a map to illustrate these features)		
		
Water quality		
Temperature of flow (Celsius)	Other data:	

**Additional site description information**

*Provide/attach any sources of information relevant to the site. (Examples could include maps, plant surveys, GABSI program or other infrastructure records, water samples or other water quality data, bore reports etc).*

**Part C ENVIRONMENTAL ASSESSMENT OF BORE-FED WETLAND SIGNIFICANCE****Plant list**

Provide a description of flora e.g. wetland fringing plants: Tall reed beds of *Typha* and *Phragmites*, Sedges and/or succulent shrubs less than 1 metre.

Percentage/density of cover (if possible)

**Animal/bird list**

Provide a list of native species or indicator of species (e.g. scat, burrows, tracks, sightings) found in/around the wetland)

<b>Is there evidence of nationally/regionally significant wildlife in the wetland?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Is there evidence that the wetland supports migratory species?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Does the wetland contain regionally or nationally significant habitats?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Does the wetland support populations of weeds or pest animals?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Is there evidence of grazing animal impacts around the wetland?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	

--

**Does the wetland interfere with natural aquatic processes or aquatic wildlife in a natural channel?**

If yes, please describe:

--

*Please provide/attach any sources of information on the relevant to the assessments. (Examples could include property surveys, bird lists, animal surveys, reports from monitoring programs).*

**Part D CULTURAL ASSESSMENT (PROPERTY AND COMMUNITY VALUES OF WETLAND)**

**Why is this wetland valuable to you?**

--

**Are the following site attributes important to you or your family?**

Please score the items from 1 to 5, where 1 = low importance and 5= high importance:

	Provides water for gardening – includes lawns, garden beds, food crops
	Provides opportunity for exercise or recreational activities <i>[swimming, yabbing, fishing, walking, boating]</i>
	Provides opportunity for viewing wildlife/ bird watching /observing the environment
	Contributes to feeling of belonging / connection to the land
	Contributes to a more relaxed, less stressful life /provides a place to get away from it all
	Provides a destination for social gatherings / entertaining – includes family, visitors
	Contributes to character and aesthetics of the place / provides opportunity to appreciate nature
	Provides educational opportunities / place to study nature and/or conduct research
	Provides water to control dust

	Is important for preservation of cultural heritage
	Is important for medicinal use of hot water
	Is important for maintaining family heritage

**Which item do you consider to be the most important?**

**Are the following site attributes important to tourists to your property?**

Please score the items from 1 to 5, where 1 = low importance and 5= high importance:

	Provides opportunity for viewing wildlife/ bird watching /conserving the environment
	Provides a destination for social gatherings / entertaining – includes tours, events
	Contributes to character and aesthetics of the place / provides opportunity to appreciate nature
	Provides educational opportunities / place to study nature and/or conduct research
	Is important for preservation of cultural heritage
	Provides water for electricity production
	Is important for medicinal use of hot water

**Which item do you consider to be the most important?**

**How frequently is the wetland used by you and/or by tourists?**

You  > once a week  once a week  once a month  4-6 times a year  yearly or less

Tourists  > once a week  once a week  once a month  4-6 times a year  yearly or less

**Is the wetland managed to encourage use by tourists? Is it easily accessible to the public?**

**Yes/No (please circle)**

If yes, please describe:

<b>Are there tourist facilities or infrastructure near the wetland?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Are there private reasons to maintain the wetland?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Are there regional economic reasons to maintain the wetland?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Did the wetland have cultural significance to local aboriginal people?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	
<b>Does the wetland have any historic significance to local aboriginal people?</b>	<b>Yes/No (please circle)</b>
If yes, please describe:	

Please attach sources of information relevant to the answers provided. (Examples could include letters from local government or agencies, media articles, aboriginal oral histories or records, historical property records, others).

#### **PART E BORE\_FED WETLAND MANAGEMENT**

Please describe any actions you have or will undertake to sustain the cultural and environmental values of the wetland.

Please describe how you intend to minimise the volume of water provided to the wetland?  
What volume/flow rate of water do you estimate you will require to maintain this asset?  
Does this volume/flow rate differ during the year e.g., wet season/dry season? If so, document this.

#### **Part F APPLICANT DECLARATION**

I declare that the information provided in this document is, to the best of my knowledge, true and accurate at the time of writing.
